CUSTODY WITHOUT TRIAL: LOCKED UP DURING LOCKDOWN

[Dréa Becker](#), [Emma Heath](#) and [Alex Matthews](#) will explore the challenges Coronavirus has created when it comes to Custody Time Limits. With so few trials on the horizon, defendants have been held for ever increasing periods, and some are now being released on bail with trials listed two years hence.

This seminar will provide a brief review of the framework for CTL applications and a review of current caselaw. Dréa Becker will speak briefly on HHJ Raynor's judgment in her case at Woolwich Crown Court. This seminar will address the new 'temporary' measure increasing the maximum period of remand before trial from 182 to 238 days, and discuss potential next steps for both defence and prosecution.

Date: 15 September 2020
